Flag Massacre Attack in 1996

Subject: - The False Flag Port Arthur Massacre

Dear Allan

And staff greetings, what a sorrowful day in Australia for Freedom of Speech, when Pauline Hanson has to turn about and throw Martin Bryant under a Bus and go back on what she really believe, all because the Mainstream Media didn't like what she was saying about Port Arthur being a False Flag Terrorist Attack.

With your permission Allan and staff there, its time to expose this whole conspiracy and name some of the people who were involved in these attacks.

About me, my name is Lloyd T Vance from The OzBoy Files, I run a group on Face Book called “Truth About Port Arthur Massacre” we have over 824 people in the group.

I wont go over some of the evidence proving these attacks were Government Sanctioned and carried out by Police, Military and Intelligence Agencies I will leave you to read it all in the following letters I am now printing off for you to read.

- 1) Please see letter to ASIO asking for information.
- 2) Please see letter to SAS Commander at WA SAS Headquarters.
- 3) Please see letter to John Avery – Martin Bryant lying thieving lawyer
- 4) Please see letters to Australian Federal Police Commissioner Andrew Colvin.

All these letters have been sent to all the Major TV Station CEO’s also other Mainstream Media TV programs and all these people have ignored my letters to them.

Its now time to expose the whole dirty, stinking lot of these people and show how they have been lying to the Australian people all these years.

Yours truly
Lloyd T Vance
